9 March 53

1. In PONGER's letter of 5 August 52 mentions KRUG's projected trip to Vienna which apparently failed to materialize. KRUG has no official business in Vienna, at least for 34. In this connection we have an Erika KRECHBAUM listed as living at Wien, Herrengasse 6-8, apparently involved somehow with Otto WAGNER @ DELIUS. Could she be related to KRUG?

2. Note PONGER's offer to provide drugs for KRUG's illness, letter of 27 Aug 52. Old trick. Tone of letter suggests PONGER had invited KRUG to his home.

3/GROSCHK was formerly head of Gehäufeldpolizei, Herresgruppe Mannstein which might explain his association with KRUG.

4. HOETTL's allegation that he ~~was~~ ^{was} right approach to get KRUG talking about the good old days. He doesn't seem to be aware that leads thus supplied might be of great value. Is it possible that he asked me about ~~the~~ ROBINOW as a result of queries from PONGER or HOETTL?

5. Re-checked all traces in our files on KRUG. Find nothing of interest which is not in his 240. As leader of GV-L, BV BAYERN he was of course acting as desk officer for several DA cases ~~of~~ of which has been since turned over to MOB without ZIPPER knowledge (DROLLERY 5) and another still running (DROLLERY 500). In addition he supervised another case now being investigated, info on which is to be found in 240 GUTT or 240 SCHARFEN.
